Victor Welch Retires

Captain Victor Welch began his law enforcement career with the Airport Police in Greensboro in March 1989; he was also sworn in as a Reserve with Liberty Police Department and the Randolph County Sheriff's Office until he was hired full time by the Sheriff's Office on September 1, 1992, as a patrol deputy. He left the Sheriff's Office in Jul 1994 and went to work for the Randleman Police Department as a Patrol Lieutenant and K9 Handler until August 1998. Victor remained on Active Reserve with the **Randolph County Sheriff's Office** but went to work in the private industry.

In May of 2000, he came back to **work for the Sheriff's Office as a Detention Officer** but was quickly transferred back to patrol in November of the same year. Victor was promoted through the ranks on patrol, serving as a Shift Lieutenant from November 2009 until August 2015 when he was promoted to Administrative Captain. In November of 2018, Victor was promoted to Administrative Major. Missing his passion for patrol, Victor requested a demotion to Captain as the Patrol Commander when Captain Mike Craven retired in July of 2019. Victor received his Advanced Law Enforcement Certificate from the **North Carolina Sheriff's Education and Training Standards Commission**, the highest distinguished accomplishment for a law enforcement officer in March 2010.

Victor was diagnosed with Leukemia on April 1, 2010, and has battled the disease while valiantly continuing his law enforcement career. In December 2020 he was diagnosed with **Guillain-Barre' Syndrome** which has forced him to announce his retirement on February 1, 2021. In retirement, Victor plans to spend more time with his family, specifically his daughter, Addison and focus on his health and recovery. However, he **intends to remain a Reserve Deputy with the Sheriff's Office** so his vast years of training and experience will continue to benefit Randolph County. Victor will be greatly missed by his law enforcement family.

Captain Welch is recognized for his 29 years of dedicated service as a law enforcement officer, 22 and a half of those years specifically to the citizens of Randolph County; thank you for your service.

Emergency Services

Congratulations and great job to LAURA BETH MARTIN who recently completed all of her local and state Paramedic requirements.

Welcome to EMTs CINDY HILL, SAMUEL KINNEY, and SARA LARSON who are full-time, and to JORDAN BOWMAN, ALYSSA HOLLADY, DESMONE KEARSE, MICHAEL KIRBY, SARA G. SMITH, and FAITH THOMPSON who are part-time in EMS.

Congratulations and great job to Paramedic Cpl. IAN CAVALLIER and EMT ASHLEY GILMORE who, on January 27, 2021, assisted in the delivery of a healthy 6 lb, 9 oz baby girl.

Congratulations to Deputy Fire Marshal Cpt. LEE HINSON who successfully completed advanced training through the Alabama Fire College. Once tested he will be ProBoard; International Fire Service Accreditation Congress and the National Fire Academy as a Fire and Life Safety Educator levels I & II. It covers all aspects of educating individuals from age groups including preschool to older adults in all areas of both fire and overall life safety. Everything from preparing a budget to evaluating the teaching methods and changes in life skills.

Congratulations to Deputy Chief JARED BYRD and Maj. CHRISTIE MCCORQUODALE who recently completed the NC Land Search Field Team Member certification in February.

In December of each year our employees nominate who they believe should be the Emergency Services Employee of the Year. The selection is normally narrowed down to just one person. However, 2020 was an exception, therefore I am pleased to announce that the 2020 Emergency Services employee of the year has been awarded to ALL full-time and part-time Emergency Services employees for their tireless and professional response to the pandemic. The COVID-19 pandemic has been trying for everyone, but especially for those who have been (literally) face-to-face with it since early 2020. Job well done!! A plaque is now displayed in the main corridor of our headquarters inscribed with each employee's name.

-Donovan Davis

Social Services

Department of Social Services – Program Integrity Spotlight

Programs offered at Social Services are designed to promote the general health and well-being of Americans with programs such as Food and Nutrition Services (FNS), Medicaid, Childcare and Energy. These benefits are an obligation of the United States and must be monitored closely to ensure benefits are issued correctly and that questionable information from clients is resolved. Americans generally support helping families to put food on their table, receive the medical care they need and so on but they want to know that their tax dollars are being spent wisely.

Program Integrity (PI) investigators are charged with investigating fraud or alleged fraud cases in each of these programs at the Randolph County Department of Social Services (DSS). In the event of erroneous issuance of benefits, a claim must be established and these benefits must be repaid. The majority of claims are in the FNS program. An individual, who intentionally breaks any of the FNS program rules may be disqualified from receiving FNS from 12 months to permanently, may be fined up to \$250,000 and/or jailed up to twenty years. Other areas of focus for PI investigators is in reducing recipient and retailer fraud and monitoring and working to stop trafficking of FNS benefits.

In fiscal year 2019-2020, **Randolph County's two Program Integrity investigators established 257** claims and collected \$269,041.00 in monies owed. The Department of Social Services is proud of the Program Integrity staff and their hard work, dedication and attention to detail in serving the citizens of Randolph County.

To report suspected fraud, please contact the Randolph County fraud hotline at 336-683-8198.

Juvenile Day Reporting Center

The Juvenile Day Reporting Center would like to welcome **JA'NITA (BRE) RUSSELL** as our newest case manager. BRE started working at the JDRC on March 1st and we are thrilled to have her!! BRE graduated from Spelman College in May of 2019 with a BA in Psychology. She has been with Randolph County for about a year and a half where she started out working with Child Protection Services. BRE is very passionate about helping others and has experience working with both children and families. BRE has stated that she is looking forward to working at JDRC as she will have the opportunity to be an advocate for both children and families. BRE has been an amazing addition to our team and we are so lucky and happy to have her! If you see her out and about in the community be sure to welcome her!

-Pam Resch

Public Health

Randolph County Public Health would like to welcome the following new employees:

DANIELLE FISHER, RN, joins the Pregnancy Care Management Program. She previously worked in the maternity ward of Randolph Health. DANIELLE lives in Randleman and is married to her husband Matt. They have a daughter Avery, who is seven. In her free time, she enjoys cooking, baking, making jewelry and shopping.

SHARON BRIGMAN joins Public Health as Accounting Clerk IV. She comes to us from United Healthcare. SHARON has two children, Ty and Troy, and a grandson, Taiden. She lives in Asheboro and enjoys crafts, gardening and reading.

Join us in welcoming DANIELLE and SHARON!

-Wendy Kennon

Information Technology

The Information Technology "Heads Above The Rest" award for providing outstanding support above and beyond the normal call of duty was presented to SHERI MARTIN this past quarter for the incredible work with Crime Stoppers and with the Detention Center software upgrade. Congratulations SHERI.

The Randolph County Tourism Development Authority welcomes **Katie Brush** as a part-time Visitor Services & Information Counselor at the I-73/74 Visitors Center in Seagrove. Brush was born and raised in Asheboro, and currently resides in nearby Seagrove. She has a 14-month-old daughter named Charlotte and has been married to her husband, Brandon for six years in September. Brush loves spending time with her family, going for walks and hikes and baking!

Amber Renee' Skeen, Director of Office Administration and Clerk to the Board, with the Randolph County Tourism Development Authority recently completed courses for Clerk's certification. The Clerks Certification Institute (CCI) provides instruction in subjects involving the core responsibilities of municipal and county clerks. Topics covered include open meetings laws, public records law, ordinance authority and adoption, local government board procedures, agenda preparation, recording meeting minutes, public notices, oaths of office, and quasi-judicial proceedings. Successful completion of the 20-day coursework with CCI satisfies the educational requirements specified by the International Institute of Municipal Clerks for designation of Certified Municipal

Clerk (CMC). This also satisfies requirements for designation by the NC Association of Municipal Clerks as an NC Certified Municipal Clerk (NCCMC) and for designation by the NC Association of County Clerks as an NC Certified County Clerk (NCCCC). Congratulations to Amber Renee' on her professional growth, dedication, and commitment to the TDA!

The staff members of the Heart of North Carolina Visitors Bureau and the I-73/74 Visitor Centers (Northbound & Southbound) have completed their CountonMeNC.org certification. Count on Me NC is a public health initiative that empowers visitors, guests, and businesses to help keep everyone safe from COVID-19.

Join us in creating a safer, healthier environment for everyone by following these guidelines & best practices:

- WEAR a face covering
- WAIT your turn by maintaining six feet of physical distance from others
- WASH your hands often
- STAY home if you've been exposed to/have symptoms of COVID-19
- CHECK local governments and establishments to determine whether additional restrictions are in place
- BE PATIENT & KIND to staff and other guests as we all try to adjust to a new normal.

Farmworker COVID-19 Vaccination and Prevention Local Team

N.C. Cooperative Extension – Randolph County Center is working with farm health workers to conduct outreach to farmworkers to provide COVID-19 prevention and vaccine education. The role of this team is to communicate with vaccine providers to discuss arrangement for workers, assist with vaccination events, and to link farmers and farmworkers with resources pertaining to COVID-19. Cooperative extension is to be the lead communicator with the farmers responsible for farm labor. Keeping our farmers and farmworkers healthy and safe is critical for the continued success of agriculture in Randolph County.

We also have PPE supplies for county farms and workers. Please call or email Jill Cofer (x6018) for more information.

New Computer Distribution Launches Digital Inclusion Planning in Randolph County

N.C. Cooperative Extension – Randolph County Center has received a grant for \$5,000 as part of the BAND-NC Initiative. In addition, \$5,000 was received from the Southern Rural Development Center (SRDC) to assist with digital inclusion efforts. The combined \$10,000 enabled purchase of 23 Chromebooks which were distributed to the Randolph County School System, Randolph County Public Library, and Randolph-Asheboro YMCA for their Y-Academy. Kenny Sherin, County Extension Director, said, “23 laptops will not fill the digital divide for everyone, but these laptops will help 23+ students achieve their remote learning goals.” Patrick O’Hara, Executive Director of the Randolph-Asheboro YMCA stated, “The Y - Academy has enrolled over 160 children during this unprecedented time. With the addition of the Chromebooks, the academy will be able to help provide computers to the children who do not have access to computers to complete their goggle meets and homework.”

Cooperative Extension Continued

The Randolph County Library already has a lending program for WiFi hotspots and other types of technology to help close the digital divide. When asked how these computers will help Library Director, Ross Holt said, “We know there’s a critical need for access to both connectivity and devices for students to learn remotely. With our buildings closed due to the pandemic, it’s imperative for us to do as much as we can to help meet this need. Combined with the hotspots we check out and the parking lot WiFi we offer at all seven libraries, the Chromebooks will help fill the gap.”

The BAND-NC Initiative was created because COVID-19 is exposing the digital divide in North Carolina and its consequences for all of us. In response to this immediate need, the Institute for Emerging Issues at NC State (IEI) in partnership with the Broadband Infrastructure Office at the NC Department of Information Technology, and with principal support from the John M. Belk Endowment, is addressing the digital divide across North Carolina through a new program called “Building a New Digital Economy” (BAND-NC). BAND-NC will provide rapid-response community innovation mini-grants to communities across the state.

N.C. Cooperative Extension – Randolph County Center will be launching the second part of the BAND-NC Initiative, which is developing a Digital Inclusion Plan for Randolph County. Digital Inclusion Planning is a community-building effort that documents the county’s digital assets and then works to close the gaps in digital access and opportunities. A well-researched and documented Digital Inclusion Plan will help county organizations in their application for grant funding to close the digital divide in Randolph County.

When asked about the importance of closing the digital divide, Shenna Creech, Director of Digital Teaching and Learning for Randolph County Schools said, “Closing the digital divide is essential to ensuring educational equity for all students. All students and families must have access to high-speed internet and a device to access educational resources and opportunities.”

“The digital divide has been an issue for a long time and the COVID-19 pandemic exposed the deficiencies in digital access and usage. The time is right to work together to develop innovative solutions to bridge the digital divide in Randolph County,” Sherin said. Beyond the pandemic, digital access and utilization will continue to be an issue. Commerce, health care, and productivity will increasingly become dependent on adequate digital connections. Without this intentional effort to close the digital divide, economic opportunities for county residents will decrease moving forward.

If you are interested in learning more about the Digital Inclusion Planning process in Randolph County contact Kenny Sherin at x6008 or email kenneth_sherin@ncsu.edu.

New Resiliency Program

To help our employees and their families successfully deal with the stresses and challenges of the pandemic, Randolph County Government has launched a comprehensive and wide-ranging Resiliency Program. Here is an overview of the program:

1. **Wellbeing Hotline:** This is a 9:00 am – 5:00 pm, Monday through Friday phone and email service established to triage and assist all employees' resiliency needs. This hotline is operated by a CONFIDENTIAL, third party vendor trained to listen, ask the right questions, and pair the employee with the appropriate resource. Our goal is to provide the appropriate support within 24 hours of contacting the hotline.
1. **Resiliency Resources Available:**
 - **Stress management support** to help employees deal with all types of mental, emotional, and spiritual needs. This resource provides one-on-one private coaching and/or counseling and is available to all employees and their dependents. Stress management resources include help with depression, anxiety, PTSD, and grief support.
 - **Financial and budget management**
 - **Marital and family relationship assistance**
 - **Caregivers support**
 - **Addiction concerns**
 - **Legal issues support**
 - **Spousal abuse support**
 - **Mindfulness Based Stress Reduction 8-week course**
 - **Sleep education & support**
 - **Food & clothing insecurities**
 - **Pet Therapy Program** – We have partnered with Animal Services to provide on-site pet therapy for our employees.
 - **On-site Fitness Room expansion** – We have expanded on-site fitness options at DSS (Northgate), Maintenance and Public Health. We continue to offer access on-site at RCOB and ES.
 - **Wellbeing bank of 8 hours per year** for employees to be used for medical visits, Health Coaching, and any type of volunteer work for non-profit organizations.
 - **On-site plant service** – We have partnered with Cooperative Extension to provide and nurture plants on-site at various County campuses.
 - **Access to Chaplain** – This is a CONFIDENTIAL chaplaincy service available to all employees and their families (Phase 2).
 - **Wellness TV Channel** – This is a private YouTube channel for County employees that will provide, promote, and market all types of wellness education (Phase 2).

The County continues to provide support with Health Coaching, weight management, tobacco cessation, chiropractic, and musculoskeletal therapy.
